(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Business

The Company is a registered broker-dealer incorporated under the laws of the State of California maintaining its only office in Los Angeles, California, and is subject to a minimum net capital requirement of \$100,000 under SEC Rule 15c3-1. The Company operates pursuant to the (k)(2)(i) exemptive provision of SEC Rule 15c3-3 and does not hold customer funds or securities. The Company's revenue has consisted of fees for advisory services in connection with mergers and acquisitions as well as underwriting and consulting fees.

Method of Accounting

The Company maintains its books and records on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the use of management's estimates. Actual results could differ from those estimates and such differences could be material.

Property and Equipment

Property and equipment are stated at cost. Depreciation of property and equipment is provided over their estimated useful lives which is generally five years using the straight-line method.

Cash Equivalents

For purposes of the statement of cash flows, the Company considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

Marketable Securities

The Company's securities investments that are bought and held principally for selling them in the near term are classified as trading securities. Trading securities are recorded at fair value on the "Statement of Financial Condition" and the change in fair value during the period is included in net income.

SIPC

The SIPC assessments have been determined fairly in accordance with applicable instructions and were remitted timely.

NOTES TO THE FINANCIAL STATEMENT, CONTINUED

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Income Taxes

The Company elected S corporation status effective January 1, 1997. Earnings and losses after that date have been included in the personal income tax returns of the stockholder and taxed depending on his personal tax strategies. Accordingly, the Company does not incur additional income tax obligations, and the financial statements do not include a provision for income taxes, with the exception of a 1-1/2% minimum California tax applied to the net income on all S-corporations.

(2) MONEY MARKET AND INVESTMENTS

Money market funds consist of certain mutual fund investments contained in an investment portfolio held by a banking institution where funds are swept into and out of the investment account from the checking account daily, as needed. All such funds are deemed cash equivalents as of December 31, 2007.

(3) MARKETABLE SECURITIES

Investment in securities at December 31, 2007, consists of trading securities comprised solely of common stock with a fair value of \$49,490 and an original cost of \$38,400.

(4) PENSION PLAN

The Company sponsors a simplified employee pension plan (SEP) that covers all employees who have been full-time for three years or longer. For 2007, there was no contribution accrued.

(5) LIABILITIES SUBORDINATED TO CLAIMS OF GENERAL CREDITORS

The principal stockholder of the Company has advanced funds totalling \$500,000 to the broker/dealer under three "subordinated loan agreements for equity capital." The first agreement for \$150,000 was originally dated December 29, 1995, and approved by the National Association of Securities Dealers, Inc. effective as of that date. This agreement has been renewed and now matures on December 31, 2009, and provides for interest at 6.11%. The second agreement for \$200,000 is dated September 30, 2002, and also matures on December 31, 2009, providing for interest at 3.75%. The third agreement for \$150,000 dated effective January 31, 2005, matures in December 31, 2009, and provides for interest at 3.75%. The interest for 2007 for all agreements amounted to \$22,284.

NOTES TO THE FINANCIAL STATEMENT, CONTINUED

(6) COMMITMENTS

The Company leases office space under an operating lease expiring February 28, 2011. Minimum future rentals under this lease for each year and in the aggregate are approximately as follows:

<u>Year Ended December 31</u>	<u>Amount</u>
2008	\$ 177,000
2009	184,000
2010	191,000
Thereafter	<u>33,000</u>
Total lease obligation	\$ <u>585,000</u>

(7) PROVISION FOR INCOME TAXES

As discussed in Note 1, the Company has elected S-corporation tax status effective as of January 1, 1997. The net operating losses for the prior years have been carried forward to the current year to reduce the California minimum tax to \$800.

The tax benefit of loss carryforwards for California tax purposes represent the only timing difference that affects the tax provision of the corporation. The effect of unused loss carryforwards to future periods referred to above is not material. Therefore, no deferred tax benefit has been provided for such carryforwards.

(8) NET CAPITAL

The Company is subject to a \$100,000 minimum capital requirement under SEC Rule 15c3-1, which requires that the ratio of aggregate indebtedness to net capital shall not exceed 15 to 1. Net capital and the related net capital ratio fluctuate on a daily basis; however, as of December 31, 2007, the net capital was \$536,247 which exceeded the required minimum capital by \$436,247 and the aggregate indebtedness to net capital ratio was .07 to 1.
